

May 22, 1939

Dr. W. A. Ver Wiebe
The Municipal
University of Wichita
Wichita, Kansas

Dear Dr. Ver Wiebe:

The manuscript "The Yogua Problem" which you mentioned in your letter of May 18 has already been accepted elsewhere. I am sorry to disappoint you.

I understand that Dr. V. E. Barnes here has a manuscript on "Oil field water and temperature" which he may want to send to the AAPG Bulletin.

Cordially yours,

H. B. Stenzel, Geologist
