

February 3, 1951

Dr. Hans E. Thalmann  
711 South Fair Oaks Avenue  
Pasadena 2, California

Dear Hans:

In response to your letter of January 25, 1951, Mrs. W. S. Adkins is to write a memorial of Helen Jeanne Plummer for one of the journals. I believe for the A. A. P. G. Bulletin. She will have the necessary information available.

As it is, I do not know very much about Mrs. Plummer's personal history, because she rarely dwelled on it in our many discussions. It is a pity that so good and energetic a person should pass away that early in her life. She was what one might call a good influence around here.

With best regards and wishes,

Sincerely yours,

H. B. STENZEL  
Geologist
