MEMORANDUM FOR
THE PRESIDENT

SUBJECT: Visit of Deputy Prime Minister of Romania,
Alexandru Birladeanu

Everybody agrees that the Birladeanu visit was a great success. The attached editorial from today's New York Times cites the agreement for increased U.S. -Romanian science cooperation which he and I arrived at as a "useful example for the other Communist states" and as a formula for "unlocking many doors now closed in Eastern Europe."

Donald F. Hornig
