Mr. J. M. Bigbee  
1724 Shell Building  
Houston 2, Texas

Dear Jim Bigbee:

I am sending you the papers which you requested. They are as follows:

- ✓ Fließen Und Brechen In Der Erdkruste Und Im Geologischen Experiment
- ✓ Zur Tektonischen Stellung Des Saargebietes
- ✓ Kunstliche Gebirge II
- ✓ Zur Experimentellen Tektonik (Methodik und Beispiele)
- ✓ Zur Experimentellen Tektonik (Brüche und Falten)

I believe these are the papers you have in mind; however, I notice with regret that I do not have the No. I of artificial mountains. Hope this will help you solve the problems of the Gulf Coastal Plain. If not, I am afraid you will have to work yourself.

Very sincerely yours,

H. B. Stensel, Geologist
