Intended Use of Student Government Funding:

Please give a brief description of how Student Government funds will be spent.

As the itemized list above indicates, we would like SG funds to sponsor a talk by Ignatiev. To do so, we need funding for plane tickets, hotel room, advertising, and the venue. Ignatiev is well known in his field, and we feel that this subject matter is ~~under exposed~~ rarely discussed. In addition, we feel his appearance would fit in well with the multiculturalism discussion on campus.
