Dear Dr. Barnard:

Thank you very much for sending me a copy of your interesting paper "Revised List of South African Late Tertiary and Pleistocene Marine Mollusca."

Thanks to your help and information I am now the happy owner of 2 specimens of Exogyra imbricata Krauss from the Cretaceous of South Africa and of several specimens of your margaritacea oyster from Knisna. My only wish is to receive such good cooperation from other countries too.

With best wishes,

Sincerely yours,

H. B. Stenzel
