reactor file

THE WHITE HOUSE  
WASHINGTON

August 13, 1965

Mr. President:

The attached memorandum from Tom Mann summarizes the way he plans to handle Rumania's offer to buy a nuclear reactor from a U.S. supplier.

Mac Bundy asked that this be sent to you this week-end adding:

1. a foreign supplier will get the sale if U.S. suppliers are not allowed to bid; and
2. Senator Fulbright thinks we ought to try to make this sale.
