Miss Helen I. Tucker
Geology Department
Cornell University
Ithaca, New York

Dear Miss Tucker:

I am sending you by separate mail the second part of the fossils. This package includes eleven Tertiary species as per attached list. I hope the fossils come up to expectations and that they are about the equivalent of the books that you sent in exchange. If you think this is not so please let me know and I will see what I can do about it.

Very sincerely yours,

H. B. Stenzel, Geologist

HBS:MJC
Enclosure

Ostrea duvali Gardner topotype

Corbula (*Caryocorbula*) *engonatoides* Gardner

Leda jewetti Gardner topotype

Venericardia trapana texalana Gardner topotype
