Dr. H. B. Stenzel,  
Department of Geology,  
A. & M. College,  
College Station, Texas

Dear Dr. Stenzel:

I have sent you a copy of my letter to Mr. Row. You will observe that I have changed the title somewhat by using the name Lower Claiborne instead of Cook Mountain and Mount Selman Formations. This title I thought had the advantage of being shorter as well as not using the formations <sup>names</sup> Cook Mountain and Mount Selman which many field geologists do not use at the present time and which seems to be some discussed for abandonment. If this is not satisfactory with you, you can advise me when I return to Bryan the latter part of this week and we can doubtless have it changed back to Cook Mountain and Mount Selman before the programs are out.

Very truly yours,

B. Coleman Renick
