Dr. H. B. Stenzel
Bureau of Economic Geology
University of Texas
Austin 12, Texas

Dear Dr. Stenzel:

Thanks for your note and the enclosed list of bulletins. It just so happens that I ordered the papers you had marked, along with quite a few more for our library, December 5. I was naturally pleased to know we both thought they were important.

I always receive Burch's lists and check them as quickly as I get them. I got a paper from him published by the U. S. M. N. H. on the Formation of Geodes and Silicification of Fossils that is quite interesting also.

Hope you are well and about to get caught up on your work.

Sincerely,

Bill
