United States Department of State Microfilm at the Benson Collection

Compiled by Craig Schroer

This Bibliography is a compilation of all microfilm copies of United States Department of State records currently held by the Benson Latin American Collection. It is arranged alphabetically by country and, where the materials support it, further organization is alphabetically by city and/or by dates covered. A "Miscellaneous" section at the end of this guide lists those items that fall outside of this categorization scheme. All microfilms are located on floor 3N in the Benson Collection stacks.

A union list of combined holdings of major sets of microforms (other than newspapers) documenting public and international affairs in the countries of Latin America and the Caribbean is also available [online](#).
