

Austin, Texas
March 6, 1950

Mr. Charles S. Davis
Assistant Dean, College of Arts and Sciences
The Florida State University
Tallahassee, Florida

Dear Dean Davis:

In response to your letter of February 27, 1950, I am submitting my application for the position of Professor and Head of the Department of Geology and enclose personal information. Some of my publications are being sent to you by separate mail.

I believe the enclosed data present a fair summary of my record, but if there are obscure points, I shall be glad to furnish additional information.

Sincerely yours,

H. B. Stenzel
Professor of Geology

Mr. Charles S. Davis
Assistant Dean, College of Arts and Sciences
The Florida State University
Tallahassee, Fla.

Dear Dean Davis:

In response to your letter of February 27, 1950, I am submitting my application for the position of Professor and Head of the Department of Geology and enclose personal ~~and~~ information. Some of my publications are being sent to you by separate mail.

I believe the enclosed data present a fair summary of my record, but if there are obscure points I shall be glad to furnish additional information.

Henryk Bronislaw Stenzel; married; 3 daughters, 14 to 18 years old.

Born February 7, 1899, in Pabianice, Poland.

Came to the U.S.A. in August 1925; naturalized in 1932.

College education:

1918-22, Technische Hochschule (Institute of Technology) and University at Breslau, Germany.

1921, December 2, received First Prize for best doctoral thesis submitted to Philosophical Faculty of University.

1922, received Ph.D. from University of Breslau, magna cum laude, in geology (major), mineralogy, physics, and mathematics (minors).

Teaching experience:

1922-24, Assistant lecturer, Geology Dept., University of Breslau.

1925-34, Instructor, later Assistant Professor, Geology Dept., Agricultural and Mechanical College of Texas.

1947 to date, Professor of Geology, The University of Texas.

1948 to date, member of Graduate Faculty, The University of Texas.

Now teaching graduate and undergraduate courses and supervising 12 theses.

Administrative experience:

1935-36, Supervisor of Geology Division, University Centennial Exposition; duties consisted of planning geological exhibits, hiring and supervising about 14 artists and preparators, and planning portions of the Texas Memorial Museum, built in 1937.

1939-49, Secretary-treasurer and president (1949-50) of Society of Economic Paleontologists and Mineralogists; duties consist of planning and budgeting of society business including publication of two journals.

1949-50, Member of Executive Committee, Division of Geology and Geography, National Research Council; the committee consists of 7 members and is the policy board of the Division.

1947 to date, Budget Council of Geology Dept., Univ. of Texas; council consists of the full professors and is the policy-making body of the department.

Employment record:

1922-24, Assistant lecturer, Geology Dept., University of Breslau.

1925-34, Instructor and Assistant Professor, Geology Dept.,
Agricultural and Mechanical College of Texas.

1934 to date, Geologist in Bureau of Economic Geology, The Uni-
versity of Texas. Since 1947 I have been with the
Bureau for $7\frac{1}{2}$ months and the Department for $4\frac{1}{2}$ months
of each year.

1937, February to August, Geologist, Special Problem Group,
Shell Petroleum Corporation, Houston, Texas.

1941, August to November, Consultant geologist to Neches River
Authority, Port Arthur, Texas.

Publications and research in geology:

→ Geological field work and travel in Czechoslovakia,
England, Germany, Poland, Switzerland, and the U.S.A.

→ Published 87 articles, reports, and geologic maps,
nearly all based on original research, chiefly on the
geology and paleontology of the Gulf Coastal region,
particularly that of Texas.

→ Co-editor of University of Texas Publication 4824
"Geological Resources of the Trinity River Tributary
Area in Oklahoma and Texas".

→ Member of the Joint Advisory Committee on Invertebrate
Paleontology and contributing author to the "Treatise
on Invertebrate Paleontology", now in preparation.

Scientific societies:

Geological Society of America, fellow.

American Association of Petroleum Geologists, active
member, member of Business Committee and Medal
Award Committee.

Society of Economic Paleontologists and Mineralogists,
secretary-treasurer 1939-49, president 1949/50.

Paleontological Society

American Geophysical Union

American Malacological Union

Malacological Society of London, corresponding member.

Society for the Study of Evolution

Society of Systematic Zoologists

Foundation for the Study of Cycles

Sigma Xi

South Texas Geological Society

Houston Geological Society, complimentary member.

Listed in 1950-edition of "Who's Who in America" and "American
Men of Science"
