Dear Henryk:

Your letter to me dated 15 October has been received along with some previous ones with directions for oyster illustrations. All of these are being attended to.

For your information, I have closed the books on volumes one and two of Bivalvia (Part N), for which index was completed a while ago for page proof and we are now approaching page proof stage. Your oysters, when ready, will come out as a unit of its own.

Sincerely,

Raymond C. Moore
