

Physical Activity Partnership for Girls Eligibility Screening Form

Hello, my name is _____. I am working with the UT Health Science Center and I am interviewing parents to see if their daughters are eligible for a study about physical activity.

May I ask you a few questions in order to verify that you are eligible for this study?

If the parent agrees, ask the following questions?

1. Do you have a daughter between 11 and 14 years of age?
 - Must be 11 years old by 9/1/2011
 - Should be in 6th, 7th, or 8th grade in the 2011-2012 school year
2. Do you live in the westside or southside areas of San Antonio?
3. Are you Hispanic or Mexican American?

If the parent answers “no” to any of the 3 questions above, they are not eligible to participate:

“Thank you for answering my questions. Based upon your answers you do **not** qualify for this study today. Thank you for your time and interest in the study.”

If the parent answers “yes” to each of the 3 questions above, they are eligible to participate:

“Thank you for answering my questions. Based upon your answers, you **do** qualify for this study.
