Dear Mrs. Kober:

I have just seen your interesting paper on Inflection in Linear Class B appeared in the American Journal of Archaeology, L, 2, 1946, p.268-276. I am one of the few Italian scholars interested in the Minoan inscriptions. I have already published several minor contributions dealing with some aspects of the Minoan texts and am preparing now an extensive communication which will be delivered as a speech at the 2nd International Congress for Place-Names Research in Paris. You would oblige me very much by sending to me copies of your papers dealing with Cretan texts; in case you have no more copies at your disposal, also corrected proofs would be welcome. In the meantime, please let me know your exact address, so that I may send you some papers of mine. Please tell me whether there is anything I can do for you here. I hope you will not mind to keep in touch with me. While looking forward to your reply, I am,  
Madam,

Yours very sincerely,
