

October 7, 1940

Mrs. Katherine V. W. Palmer
Palaeontological Research Institution
126 Kelvin Place
Ithaca, New York

Dear Mrs. Palmer:

Many thanks for your kind letter of October 4. I am glad to hear that Dr. Harris is so vigorously active collecting Tertiary material. He is a most remarkable man.

By separate mail I am sending you my recent reprints. Let me assure you that you were not left out of my mailing list. So far I had not started to send out reprints to anyone; only the request to Professor Harris for his Science article made it necessary for me to send him the reprints in advance of anyone else.

I greatly appreciate your generosity in sending me your large monographs, past and future.

With best regards,

Sincerely yours,

H. B. Stenzel, Geologist
