Dear Mr. Whitcomb:

I am very glad to hear that you are getting along very nicely with your work in southern Anderson County. I intend to come to Palestine next week. The plans are to spend the 16th and 17th in Leon County, the 18th and 19th in Anderson County and then go on to Hopkins County where we have another W. P. A. survey started. I shall let you know about my plans as soon as they are more definite. I anticipate learning a whole lot from you.

Very sincerely yours,

M. B. Stenzel
Geologist
